Subject: Release - Draft / Cleanup Progress - 17 July / UC

UC/PIOs:

Good morning. Attached is a draft news release providing a general response update, we were thinking of issuing this after the Refugio Beach opening on Friday. Focus is on achieving "98 percent" on cleanup, outlining there is still work to do, and noting that other aspects of the spill outside of cleanup (restoration, investigations, etc.) are still ongoing by various agencies outside the UC/cleanup process.

I have included draft quotes for the FOSC and SOCS, a quote from the LOSC would be appreciated if you wish to provide one.

Please let me know what you think and provide any changes/adds/edits in track changes on the document if possible.

Thanks,

Dan
